

Eve 6, Girl Eyes

It said "Fok Karina" on the wall
we were leaning,
I get a feeling and she starts to grin
adjusted my pants as my face turns to red
Foresight is so often blind

Just take the two to the one thirty four
but first take the elevator to my floor
its good to be bad if its better than bored
foresight is so often blind
slur to a favorite rhyme

Chorus:
Girl eyes tend to hypnotize
the trance is so divine
decide to be the reason why
I stay another night.

Vodkaeening through the hotel door
Guilty is really a choice and a chore
its good to be bad if its better than bored
foresight is so often blind
slur to a faveroite rhyme

Chorus:

I took her hand and then an asprin in the morning
I took her hand and took her home.

It said "Fok Karina" on the wall we were leaning on
Afraid of a common phenomenon again

Chorus: x2

Hypnotize, With the life I was pressing so divine.
hit the lights.
