

Eve 6, Girlfriend

You're really gone, girlfriend
The dryers on, Amen,
And I'm alone for the first time

(I don't know where you're at) (x2)

You left a sock, girlfriend
Where's the pair, broken
Are you aware that I'm missing you

(I don't know where you're at) (x2)

But I can't run to you no more
To catch me when I'm falling
I know I have to let you go
But I will not be broken
No I will not be broken
But keep the slowly fading memories

This place is strange, empty
You did your time, plenty
And the walls are bare where your pictures hung

(I don't know where you're at) (x2)

But I can't call you up no more
And no we can't just be friends
I know it's time to let you go
But I will not be broken
No I will not be broken
But keep the slowly fading memories
Memories

I'm keeping these memories

I can't run to you no more
To catch me when I'm falling
I know I have to let you go
But I will not be broken
For every tear a lesson learned
Every good time golden,
But now it's time to let you go
And I will not be broken
And I will not be broken
No I will not be broken
But keep the slowly fading memories
