

# Even Vast, The One You Wish

I don't want to forgive you  
For all you have done  
I don't want to believe you  
Your time has come  
I don't know if you care but  
I won't be there  
When you will get my response  
With all of my rage, yeah!

I don't want to be the one you wish  
I don't know why you still persist  
In your stupid lies and nasty things  
Don't know what to do with your apologies

It's time to wake up and open your mind  
To a different way in living your life  
Maybe you will realize that  
I won't be longer the object of your lies

You know I am so tired  
No longer I'll resist  
Just listening to your lies  
Without really getting sick  
You know my rage is growing  
You know my hate is deep  
I am so cold inside  
And you're not the one I wish.
