

Evens, Shelter Two

Went out round 7 stopped at somebody's
it's all downhill from here
we stood at shelter two and listened to the trees
its all downhill from here
went to Arlington Hardware to buy some electrical tape
its all downhill from here
you went to Tulsa and I'm gone away
its all downhill from here

its all downhill from here
its all downhill from here
we keep on climbing but we never find the top
we keep on climbing but we never find the top
we keep on climbing but we never find the top
it all downhill from here
