

Ever Stays Red, In Your Presence

Everytime I lift my hands
Everytime I close my eyes
Everytime I enter in Your
Glory fills this place oh Lord
And I am taken

Chorus:

Cause in Your presence flowers bloom
My spirit floods I'm made anew
Your beauty reigns from the sky
Cleanse my heart and touch my mind
And from your throne Your glory flows
This peace it feels my soul
And I hush
As I see Your love unfold

I will stand and not grow weary
I will run and will not faint
Your rod and staff they guide me
Your love restores my soul
Your love restores my soul
God You restore me
