

Everclear, Beautiful Dream

Beautiful Dream

I had a dream I was living by the ocean
I had a dream I was living in the sun
I wake up sad because I'm living in darkness
I know I'm not alone
I know I'm not the only one

I had a dream that I had no depression
I had a dream I had a smile on my face
I wake up hungry so I feed my obsession
I know I gotta leave
I know I gotta run away

Far away
Where the faces all look happy and I know it's a dream
A beautiful dream
I want to loose myself in the sunshine where I can be free
Yeah I just wanna be free
Free in a beautiful dream
Yeah but it's a beautiful dream

I had a dream I was living by the ocean
I had a dream I was living for the day
I wake up sad in a perpetual emotion
I know I gotta leave here
I know I gotta run away

Far away
Where the faces all look happy and I know it's a dream
A beautiful dream
I want to loss myself in myself where I can be free
I just wanna be free
Free in a beautiful dream
Yeah a beautiful dream
Free inside a beautiful dream
Free in a beautiful dream
