

Everclear, Drunk Again

Kathy please
Just go away
Don't let Hazel see you
When you're high

Just take a walk
To your sleazy bar
Come back after I
Have come down

Cross the street
On your knees
Make's me ashamed
It's hard to see
I can't shake
Your pain
You'd get high
You'd just throw it away

Hey Kathy please
Give my a break
Told you not to come here when you're drunk again
I'm sober now
Just 30 days
All alone and working hard to stay that way

Cross the street
On your knees
Make's me ashamed
It's hard to see
I can't shake your pain
You'd get high
You'd just throw it away

Kathy please
Yeah yeah
I don't wanna see you when you're down
Just leave me be
And go away
You're not gonna pull me down
I won't let you throw it away

You'd just throw it away
