

# Everclear, Sunflowers

i know where you go  
when you want to fall  
why do you want to be broken?

i know where you go  
when you want to fall  
yes your friends they tell me everything

yes i know where you go  
yes i know what you do  
yes i know the awful things you say  
and who you say them to  
yes i know where you go  
yes i know what you do

i know how you feel  
you get crazy inside  
they say it runs in the family

i know just how you feel  
when you get crazy inside  
your mom she said that  
you are just like me

i can see it in your eyes  
i can see it in your shaky hands

yes i think you think i'm stupid  
you don't think i understand  
yes i see you and i see myself  
when i was a younger man

when you were a child  
you were happy and free  
you were my reason to live  
i would die when you smiled at me  
i can still see you  
i remember you painting  
sunflowers in your room

i know where you go  
when you want to fall  
hey don't you want to be happy?

i know where you go  
when you want to fall  
your useless friends  
they tell me everything  
everything

i see you run around in circles  
i see you digging your own hole  
i see you fight the fights  
you just can't win  
i see you losing self control  
what it does to me  
deep down inside  
i hope you will never know

when you were a child  
you were happy and free  
you were my reason to live  
i would die when you smiled at me  
i can still see you

painting flowers on the wall  
i remember you happy  
i remember it all

chorus

sunflowers in your room

all i want to remember  
pretty pictures on the wall  
i remember you happy  
i remember it all  
all i want to remember  
sunflowers in your room

sunflowers in your room
