

Everclear, Sunflowers

i know where you go
when you want to fall
why do you want to be broken?

i know where you go
when you want to fall
yes your friends they tell me everything

yes i know where you go
yes i know what you do
yes i know the awful things you say
and who you say them to
yes i know where you go
yes i know what you do

i know how you feel
you get crazy inside
they say it runs in the family

i know just how you feel
when you get crazy inside
your mom she said that
you are just like me

i can see it in your eyes
i can see it in your shaky hands

yes i think you think i'm stupid
you don't think i understand
yes i see you and i see myself
when i was a younger man

when you were a child
you were happy and free
you were my reason to live
i would die when you smiled at me
i can still see you
i remember you painting
sunflowers in your room

i know where you go
when you want to fall
hey don't you want to be happy?

i know where you go
when you want to fall
your useless friends
they tell me everything
everything

i see you run around in circles
i see you digging your own hole
i see you fight the fights
you just can't win
i see you losing self control
what it does to me
deep down inside
i hope you will never know

when you were a child
you were happy and free
you were my reason to live
i would die when you smiled at me
i can still see you

painting flowers on the wall
i remember you happy
i remember it all

chorus

sunflowers in your room

all i want to remember
pretty pictures on the wall
i remember you happy
i remember it all
all i want to remember
sunflowers in your room

sunflowers in your room
