

Evergreen Terrace, New Friend Request

Don't fade me out again.
You'll never make it on your own.(x2)
Don't fade me out again, I'll still be on.
You'll never make it on your own.(x3)
You always take without giving.
Always one step ahead.
A sorted life that you're leading inside.
You know you're all ready dead.
Bleed us dry one more time.
Now you're gone.
Don't fade me out again, I'll still be on.
You'll never make it on your own.(2)
