

EverGreen, Why Did You Leave?

Verse

I came home today and found that you were gone.
Please talk to me as I'm not sure what I've done.
I tried to phone but got only the hung up tone.
I came to find you went to your ma's and your dad's
They told me that you were mad and that you didn't love me any more.

Chorus

I've written you this note as there's something that I have to say.
I love you there must be a better way.
Please give me another chance I promise that I'll try.
Please don't leave again I swear there'll be no more lies.
I need you forever without you I'm sure I'll die.
Why did you leave for without you I cannot breathe.
Why did you leave for without you I cannot breathe.

Verse

Talk to me babe as I don't know what I've done wrong.
Talk to me babe as without you I'm no way as strong.
I love you forever I know it didn't always show.
Please don't leave me honey we can give it another go.
Please don't leave me I need you and that I'm sure.

Chorus

I've written you this note as there's something I have to say.
I know it don't seem like it but I loved more each day.
Give us another chance I promise that I'll try.
Please don't leave me I swear there'll be no more lies.
If you leave again all I wanna do is die.
Why did you leave for without you I cannot breathe.
Why did you leave for without you I cannot breathe.

Verse

Oh don't leave again as I miss your secret smile.
Oh don't leave I'm missing that shiver down my spine.
Yes I f**ked up and that I'll forever know.
Just pick up the phone I'll be waiting day and night.
Just pick up the phone we can give it another go.
Oh please come back I need your beautiful sight.

Chorus

I've written this note as there's something I'm trying to say.
I know it don't seem like it but there is a better way.
Give me another chance I can change if I try.
Give me another chance there shall be no more lies.
If you leave me I'm sure my mind will die.
Why did you leave for without you I cannot breathe.
Why did you leave for without you I cannot breathe.

Verse

Please just tell me what ever I've done wrong.
Pick up the phone and tell me I need you all night long.
You told me that I f**ked up but forget to tell me what was wrong.
I know that I f**ked up but whatever I've done is done.

Chorus

When I came home yesterday I found that you had gone astray.
I know you don't believe what I've got to say.
But you must believe that I miss you more each passing day.
Why did you leave for without you I cannot breathe.
Why did you leave for without you I cannot breathe.
