

# Everlast, I Can't Move

Watchin' the sunshine, peekin' over the skyline  
Thinkin' I gotta get mine, gotta try at least one time  
Wanna get near it, close enough to fear it, close enough to hear it  
Close enough to say that I looked it in the eye and then I turned away

And I'm not scared, but I can't move  
I'm not scared, but I can't move

Hangin' out on the weeknight, lookin' out on the street light  
Gettin' into some fistfight, tryin' to cling to my birthright  
I wanna get near her, close enough to smell her  
Close enough to tell her  
All the things that I wanna say, then I looked her in the eye,  
Made her run away

And I don't care (don't care), but I can't move  
I don't care (don't care), but I can't move

Layin' up at the Soho, lookin' out of my window  
Pullin' back on some indo, watchin' breeze as the wind blows  
Wanna get near it, close enough to hear it, close enough to fear it  
Close enough to say, that I looked it in the eye, then it turned away

And I'm not scared (not scared), but I can't move  
I'm not scared (not scared), but I can't move
