

Everlast, One, Two

[Everlast]

Yeah, yeah, two-thousand, zero, zero
The party just started, ha-ha, ha-ha
Everlast, Kurupt (Kurupt: Fred Wright Kurupt)
Goes somethin' like this

CHROUS:

I say one, two, one-two-one-two
The good Lord knows just what you've been through
I say one, two, one-two-one-two
Sometime's you're just doing what you've got to do
I say one, two, one-two-one-two
The good Lord knows just what you've been through
I say one, two, one-two-one-two
Sometime's you're just doing what you've got to do

[Everlast]

Sticker man tryin' to feed his baby
Drug dealer tryin' to raise his son
Every pimp gotta dress his lady
Come on now you ain't the only one

CHORUS

[Kurupt]

Now this is the combination of intervention
That just might open up a new dimension
I can tell, the well, just might run dry
Lost attentions and thoughts, mighty fine to simplify

CHORUS

[Kurupt]

I said life lasts present to the past
Saw a rapper the warpath (warpath)
Kurupt, young Goddie
Incredibly clever, mack auther with Everlast it's true
Do what you want do
One, two

[Everlast]

Mary Jane wanna run smoke reefer
Little Ricky's out sniffin' rock
Cynthia, she's at the disco coked out
Doesn't matter what drugs you on

CHORUS

[Kurupt]

Gain, growth, life by a oath
The gifted, different toast
Talent, the melodramatic
And the violent life in silence
B ut this here's mine, crystal clear it's mine

CHORUS
