

Everlea, Cigarettes

Sincere like a cigarette
She makes it hard to breathe
She is a losing bet
She is just what you need
Addiction feeds your tears
Another call for one more fight
Do you believe in pain?
All right, all right
Say something to me
Tell me youre undecided
Say something to me
Tell me youre undecided
Youre beautiful
Do you wanna know how to hurt?
Do you wanna make a friend tonight?
Do you believe in pain?
All right, all right
I look around
And find your tears
If this werent me...
All right, all right
Youre beautiful
Why havent you heard?
Youre beautiful.
I see what you cant see
I gave up on me
I see what you cant see
Its breaking my heart
Its killing me.
Say something to me
Tell me youre undecided
Say something to me
Tell me youre undecided
