

Everlife, Even When

Looks like your staring back at me
A hazy you is all I see
You see its a lie that keeps me down
I'm cryin'
I'm cryin' out load

[chorus]
Even when
Your right here I need you
Like a friend who needs me yeah
Even When
I cant see your face I need you
Your faith and I need you
I need you oh oh--

Thoughts goin' through my mind
Leave this life
Life behind
Yeah
My goal is set on perfection
My body needs correction
Whys the truth so hard to find

[chorus]

Yeah--
You got to reach me
I'm reachin' oh
Nearly impossible
Yeah--
You got to reach me
I'm reachin' oh
Nearly impossible

[chorus 3x]
