

Everlife, Goodbye

I'm better off
Just pretending that I never really knew you
I've gotta stop
Holding hands with the memory I'm feeling
I've gotta say
Something's different 'bout the way I see you lately
You feel the same
I can see it in your eyes
Nothing is changing
The blame won't fall on either side

Can you feel it breaking into pieces underneath
Someone's gotta say it
It might as well be me
Goodbye
It wasn't right this time
Goodbye

We should've known
It was always something that we were missing
I'm letting go of this
Even though it's hard, I know it's the best thing
Good attentions form
And there's no where to hide

Can you feel it breaking into pieces underneath
Someone's gotta say it
It might as well be me
Goodbye
It wasn't right this time
Goodbye

I don't wanna tell you what I have to say
(what I have to say)
We don't have to be sorry
It just worked out this way

I don't want to
But I have to
I don't want to (goodbye)
I don't want to
But I have to
I don't want to (goodbye)
I don't want to
But I have to
I don't want to (goodbye)

Can you feel it breaking into pieces underneath
Someone's gotta say it
It might as well be me
Goodbye
(I don't wanna say)
Goodbye
(oh woah oh)
Goodbye
(it wasn't right)
It wasn't right this time
Goodbye
It wasn't right
Goodbye
