

# Everlife, I'm Over It

(I'm over it)  
Hey guys i'm in trouble  
I didnt mean to cause nobody harm  
I can see I'll always be forgiven  
(yeah) inside I can feel it  
I can almost see it right from your lips  
Its cool your telling me to let it go (yeah)

[Hook]  
No cloud...hanging over  
No clouds hanging over me  
No chains pullin' me down  
(I'm as free as i can be)

[Chorus]  
I don't have the time today to worry bout tomorrow(yeah)  
Your the only way of forgetting my yesterdays (whoa oh oh)  
When I'm in the deepest ocean, the tears of my emotions  
You make' em dry yeah your the reason why I'm over it

I'm over it  
No more regret  
No more thinkin' bout the could of been  
Theres more to get when you give it up (oh oh oh)  
I'm tied I'm tangled this lifes ready and I'm feelin' cold  
Dear god I always make the most of it

My cares are sailing out  
Sailing out to sea  
Fears flyin' away I'm as free as I can be

[Chorus]  
I don't have the time today to worry bout tomorrow (yeah)  
Your the only way of forgetting my yesterdays (whoa oh oh)  
When I'm in the deepest ocean, the tears of my emotions  
You make' em dry yeah your the reason why I'm over it

Your the reason why (sailing out)  
Your the reason why (sailing out)

[Hook]  
No cloud...hanging over  
No cloud hanging over me  
No chains pullin me down  
(I'm as free as i can be)
