

# Evermore, Come To Nothing

Leave the tv on to fill the empty air  
Loneliness sinks in, like ink into my skin  
Should have seen it all  
The climb before the fall  
I held to what we shared  
But now its disappeared

By now, I guess you don't need me anymore  
By now, I guess you don't need me anymore  
Alright, you know you don't fool me anymore  
Tonight you're burning another fire

Now we've run, out of time, out of luck, out of everything  
Now you're gone, gone to find what you need, what I don't provide  
If it comes down between win or lose  
And if it boils down, you know I'd have to choose

By now, I guess you don't need me anymore  
By now, I guess you don't need me anymore  
Alright, you know you don't fool me anymore  
Tonight you're burning another fire

My life, has come to nothing  
My dreams, have come to nothing  
Our love, has come to nothing  
Come to nothing, has come to nothing  
Its come to nothing [x3]

By now, I guess you don't need me anymore  
I guess you don't need me
