

# Evermore, Dreaming..., Part 2

Under the breaks  
All that it takes  
Pulling us down  
Driving us forward  
Under the breaks  
Under the road  
Metal and wheels  
Screaming the sound  
Oh, under the breaks  
Wheels to the road  
Under the road  
It carries a load

If you want it so bad, you can always play the fool  
And be her fool

Under the breaks  
Waiting to take  
Waiting to drive  
Driving me down  
Under the breaks  
Wondering why...  
Wondering why...  
Wondering why I'm here
