

Evermore, My Guiding Light

Running around this town
Looking for something
That I know I'll never find
Running out of breath
I gotta learn to see things
In a different light

When the light turns dark
And I can't find my way
When I'm falling down
Will you take my hand, tonight?

Show me the right way
Show me the right way to go
Show me the right way to go and
I'll meet you there
My guiding light

Back on my feet again
Where you're taking me
Is still a mystery
I'm never looking back
Cos what I left was only
Gonna drag me down

When the day turns night
And I start to lose my grip
When I'm on my knees
Will you take my hand, tonight?

Show me the right way
Show me the right way to go
Show me the right way to go and
I'll meet you there
I'll meet you there
I'll meet you there
I'll meet you there

Show me the right way
Don't leave me here on my own
Deserts and highways have left me
With nowhere to go

Show me the right way
Show me the right way to go
Show me the right way to go and
I'll meet you
Show me the right way to go and
I'll meet you there
My guiding light
