

Everyday Sunday, Comfort Zone

I'm sitting here again
Another Sunday morning
Trying to figure out just who to be
I can't keep going on like this
I've got to break away

Whoah, Whoah
Everything I've said is over
Whoah, Whoah
I can't take this any longer
Whoah, Whoah,
I need to get out of this zone
Whoah, Whoah
I hope you see where I'm coming from

It's time to make a move
Change my fate
Let go all the things that feed my complacency
Don't wanna be a wanna be
