

# Everything But The Girl, Imagining America

Oh and how he loved you (oh and how he loved you)  
Oh and you believed him (oh and you believed him)  
He said you both deserved better (you deserve better)  
And he would make it a real thing (make it a real thing)  
And on a clear day  
You can see the sea from your place  
On a fine day  
You can still remember his face

And he just kept right on  
Imagining America  
He just kept right on  
Imagining America

And he was so handsome (he was so handsome)  
It was 1919 (it was 1919)  
Sailing to New York (sailing to New York)  
Just for you (just for you)  
It was a clear day  
Waving from the quay you saw him!  
It was a fine day  
Standing with the world before him

And he just kept right on (oh he kept right on)  
Imagining America  
He just kept right on (oh he kept right on)  
Imagining America

Darling have no fear  
The air is always clear  
There are mountains and deserts and stars  
The cities have been tamed  
And they all know your name  
They have money and houses and cars

And so I stand here (and so I stand here)  
In his footsteps (in his footsteps)  
We deserve better (we deserve better)  
And I can make it a real thing (make it a real thing)  
It's a clear day  
Hold me in a final embrace  
It's a fine day  
But will the world remember our face  
And I just keep right on Imagining America

We keep on  
We keep on  
We keep imagining America  
America, America
