

Eves Plum, Eye

It's dark in here
So follow me
I'm so scared
Your hand's so cold
No, it can't be
I'd never leave you standing there
No, it can't be
I want you here with me
And I.. I... I.. I..
I'll be waiting
Remember me
I'm still the same
You seem so real
You haven't changed
No, it can't be
I'm dizzy from the twist of fate
I want you here with me
I'd never leave you standing there
No, it can't be
I want you here with me
And I.. I... I... I..
I'm shaking
No, it can't be
I'd never leave you standing there
No, it can't be
I want you here
No, it can't be
I'd never never leave you there
No, no
I'd never leave you standing there
And I.. I... I... I..
I'll be waiting
No no no, no no, I want you here
Want you here
And I.. I... I... I..
I'll be waiting
