

Evolution, My Own Way

it ain't a lie
I didn't sleep last night
'cause you made me cry and I realized
you're wrong to me and now I see
I'm not that bitch you want me to be

it's not too late, to turn the hate
into a chance to get into my way
you can waste your breath
but you're my past
it's certain that I leave

now I start to wipe the slate clean
'cause I got my own head, got my own feet
I'm not worry about anything
it's time to make my deal

now I'm going my own way
I can go for much better days
than with you my dear
now I'm back in my life again
I begin to forget the end it's me now and here

I got some dimes
don't need a crime
I got a goal fixed on my mind
a new best friend, who understands
the way I'm talking, the way I am

I don't feel the pain
it's not the same
like anytime you gave me blame
it's my turn to play
my own game
man I'm feeling free

now I'm going my own way
I can go for much better days
than with you my dear
so now I'm back in my life again
I begin to forget the end it's me now and here

I dont know why it took me so long...
so many reasons that you gave me
to walk off with bad memories
so now it's easy, it's easy,
it's easy, it's easy...

now I'm going my own way
I can go for much better days
than with you my dear
so now I'm back in my life again
I begin to forget the end it's me now and here

now I'm going my own way
I can go for much better days
than with you my dear
so now I'm back in my life again
I begin to forget the end
its me now and here!
