

# Excel, Looking For You

First pretend that you care  
Then you turn and declare  
That you're not with me  
Where does that lead thee?

You became my enemy  
How can I stand free  
Your clone is so cruel  
Now I'm Looking For You

[Chorus]  
Looking For You!  
Looking For You!  
Looking For You!  
Looking For You!

[Repeat Verse 1]

Why must you have to change?  
You are what they say  
My heart is no fool  
Now I'm Looking For You
