

# Exciter, Evil Sinner

As I look into a dark & lonely night  
I look across a cloud of people dead  
The sky is black & gives off little light  
& I'm watching as her hands attack your head  
She'll come, Tonight  
To burn the sky!!!!!!!!!!!!!!

A giant hand comes down to grip the dead  
Can't believe my eyes of what I see  
Screams of the sinner pierce my head  
In fire & intense heat & hate  
She'll come, Tonight  
To burn the sky

Evil Sinner, Evil Sinner

She'll come, Tonight  
To burn the sky!!!!!!!!!!!!!!

The barren lands of waste are left behind  
Evil Sinner rules her kingdom there  
The holocaust has left one man untried  
He's summoned by the Sinner's deadly stare, beware  
She'll come, Tonight  
To burn the sky

Evil Sinner, Evil Sinner  
Evil Sinner, Evil Sinner  
Evil... Sinner...
