

# Exhumed, The Matter Of Splatter

Pernicious ' A ghastly Gordian quandary to elucidate  
Pestiferous ' A nebulous necrotic novelty to navigate  
Labyrinthine ' A contumely carnal conundrum to cogitate  
Serpentine ' An exulcerated entanglement to execrate...

Hands stained and filthy from digging deep for the answer  
That lies at the heart of the matter of splatter...

Eschatological ' The grave matters with which we struggle  
Pathological ' The perverse perpetuation of this purulent puzzle  
Repugnant ' The wretched riddle unravels in a reeking revelation  
Repulsive ' The final fetid farce yields such a rancid realization

Now your morbid curiosity may finally be answered  
Deep in the heart of the matter of splatter...

A morbid matter on which to meditate or mutilate  
A deathly detail to deliberate and desiccate  
A sombre study in which sagacity is tantamount to insanity  
An insalubrious interest in the inhumed and the unsanitary...

An unhealthy pursuit of the purulent and parturient  
A feculent fixation upon the fetid filth and excrement  
An exhaustive examination of the excreted and the exhumed  
A tireless appetite to hill the silt atop the tomb...

Nebulous ' The sanguineous solution is seldom seen before the last  
Amorphous ' Seemingly always six deep feet beyond your grasp  
Funereal ' Carnal cartography to chart the course of life's denouement  
Corporeal ' The wretched revelation that you sought proves harder to swallow than you'd thought...

That anatomy is destiny is the unforgiving answer  
Culled from the heart of the matter of splatter...
