

Exilia, Rise When You Fall

I see you now invisible
And nothing seems to be alright
The scars have left that mark it's true
This life has disappointed you
When you are alone
And there's no reason to go on
Rise when you fall
Write it on the walls
You've got to fight
For what you want

You feel so weak
Your view's so dim
You don't believe in anything
People go by but they don't know
You are curled up now like an embryo
And you feel insecure
And there's no, no reason, no reason to go on

Rise when you fall
Write it on the walls
You've got to fight
For what you want

You're falling
And falling
And falling
Can't find your feet
You're falling
And falling
And falling
Get on your feet
