

Exit 13, Black Weakeners

In the name of the Devil you play in the woods
You rely on your image because your music's no good
Nailbats and corpsepaint - the tricks of your trade
So much of black metal is so f**king lame

Wake up black weakeners
Get a clue black weakeners
Piss off black weakeners
F**k you black weakeners

Church burning and murder then waves of pure hype
as washed up death metallers found a new life
The "evil" you spew is just a flip of the hoax
The only thing true is that your all just sad jokes

Racist black weakeners
Fascist black weakeners
Homophobic black weakeners
F**k off black weakeners

Unholy black weakeners
Ignorant black weakeners
Talentless black weakeners
F**k off black weakeners

You claim your a "count" or a "lord" from Hell's pit
From my vantage point your just piles of shit!
Your shock value bigotry is so f**king weak
so go jump a new trend you black metal geeks!

Rot in Hell black weakeners!!!
