

Exit East, Me From Here

I thought, I caught,
A glimpse of You in the field,
In the, smiles of,
My two boys,
Mercy makes me feel like

Running on the water, reachin out much farther,
Than where Ive been,
Growing in Your grace,
Looking for Your face,
In everything I am,

CHORUS

And I, I want to know, I need to know Your
Love, I want to know, I need to know Your
Love, I want to know , I need to know Your
Love, Take me from here.

Im still, learning,
The things I ought to know,
Somehow, reach out,
To the ones,
That Youve brought me to, (Its like)

Running on the water, reachin out much farther,
Than where Ive been,
Growing in Your grace,
Looking for Your face,
In everything I am,

CHORUS

Underneath the phrases,
Far from all the places,
Of where Ive been,
I want to be where I see,
Nothing but Your glory,
In all I am...

CHORUS
