

Exit East, Romans 5 (Only Through)

Sin was brought into our little world,
Through the life of just one man,
And because of him, death to all men,
Because all men have sinned,

Love was brought into our little world,
Through the life of just one man,
He gives life and love to everyone,
Who put their faith in Him,

I know that if I die in Christ,
I'll surely live with Him,
For the power of God has raised Him up,
He cannot die again,

Through the sin of one man,
We will die and see the grave,
But only through, Jesus love,
We will one day see His face,

I have struggled with the thought of grace,
And how you say you love me,
I feel so small so unworthy of,
This life you've given me,

I know that if I die in Christ,
I'll surely live with Him,
For the power of God has raised Him up,
He cannot die again,

Through the sin of one man,
We will die and see the grave,
But only through, Jesus love,
We will one day see His face,

I'm clinging to your promises,
Of joy, of hope, of peace,
The day will come I know it will,
When I'll bow down at your feet,

Through the sin of one man,
We will die and see the grave,
But only through, Jesus love,
We will one day see His face
