

# Exit The Ordinary, The Place You Are

Here I am to let you know  
Take it back and let it slow  
Take it back and let it slow

Lust away from all that ends  
Try to keep all amends  
Try to keep all amends

Your home  
You hardly know it  
Feeling alive again

Could I try to let this go  
Take it back to the start  
Take it back to the start

Can you love the place you are  
Feel it back in your heart  
Feel it back in your heart

Your home  
You hardly know it  
Feeling alive again

Your home  
You start to show it  
Feeling alive again

**\*\*Bridge\*\***

Your home  
You hardly know it  
Feeling alive again

Your home  
You start to show it  
Feeling alive again
