

Exmortem, Pestifer

The swirling vortex of the underworld
A kingdom of pestilence
The violent tyrants
Against themselves (suicides..)

You're standing at the pedistal of shame
An absurd existence
Gred and Phosphate
The sinister insect bites back

Chief Nihilist
Leading the syndicate of death
Mass destruction business
Architecture of a suicide nation

Spread your darkened wings

You're standing at the pedistal of shame
An absurd existence
Gred and Phosphate
The sinister insect bites back

The Stench, The Filth

Chief Nihilist
Leading the syndicate of death
Mass destruction business
Architecture of a suicide nation

The swirling vortex of the underworld
The pestilence empire
