

# Exmortem, Sovereignty

Admiring the triumphant demonthrone  
Sealed with the knowledge of time  
Magic runes are carved here  
Will you ever find the key  
The bound demon in the earth  
Is waiting to be released

For nine days he hung... the demon  
Who sees it all... with only one eye  
Gaining divine wisdom... through tormenting pain

He has travelled beyond the worlds  
He has danced with death  
Now he controls it all  
With strength he suffered

Wandering alone in these halls of divinity  
A place of uncontrolled chaos  
And uncontrolled wisdom

Find your way through  
Release the forces of Fimbulity  
And sovereignty shall be your name

Sovereignty!
