

EXO, Obsession

I want you, I want you, want you
I want you, I want you, want you
I want you, I want you, want you

I want you, I want you, want you
I want you, I want you, want you
I want you, I want you, want you

I want you, I want you, want you
I want

Please stop it now

As the night makes me blind
You snuck in again
You lick around my ears while I'm
asleep, stare,
Then you scratch and laugh

Your voice whispers endlessly
Oh you're the bad dream kill
You keep possessing and calling me
To come to where you are, yes to come to you

You say you know? (I don't think so)
Who are you to snuggle in (I don't think so)
You cover my eyes (I don't think so)
You cover up the truths (I don't think so)
Let go of the empty dreams (I don't think so)
Don't make me spit out the poison (I don't think so)
You'll never have me again (I don't think so)
Shut up and go away

Thousand nights, I repeated so many times
A vicious cycle of nightmares I'll end it now
The turned-off exit light
Get away from me now

I want you, I want you, want you
I want you, I want you, want you (Yeah)
I want you, I want you, want you
I want you, I want you, want you (Hoo, I'm sick of it)

Ha! It's enough
All the gibberish on my ear Imma let it blow
My five senses are focused on it, on edge
You come in and stir it up recklessly
When I fall asleep with one eye open
You permeate without a sound, the phantom
I'm so sick and tired of it
When the lights turn on, I hope you're gone

You say it's for me? (I don't think so)
Who are you to snuggle in (I don't think so)
Permeating deeply (I don't think so)
I'm confused (I don't think so)
Take whatever (I don't think so)
Don't even be seen (I don't think so)
You'll never have me again (I don't think so)
Stop your obsession

Thousand nights, I repeated so many times
A vicious cycle of nightmares I'll end it now
The turned-off exit light

Get away from me now

Blacken my heart,
Creepin' dark night,
Stainin' my soul
When I open my eyes like yet I'm still asleep,
The sudden goosebumps and its clear traces,
And the names on the ground that are owned by no one
Call out, dance tonight
Say it what you like

The times we were
Happy together, I know
I have to end them now
Forget everything yeah

You say you know me? (I don't think so)
Who are you to snuggle in (I don't think so)
You cover my eyes (I don't think so)
You cover up the truths (I don't think so)
Let go of the empty dreams (I don't think so)
Don't make me spit out the poison (I don't think so)
You'll never have me again (I don't think so)
Shut up and go away

Thousand nights, I repeated so many times
A vicious cycle of nightmares I'll end it now
The turned-off exit light
Get away from me now

One night what I saw in the darkness
Was the strange shadow that chased me after
The turned-on exit light
It's me looking at myself in the mirror

I want you, I want you, want you
I want you, I want you, want you (Yeah, yeah, yeah, yeah)
I want you, I want you, want you
I want you, I want you, want you get away from me

I want you, I want you, want you
I want you, I want you, want you disappear (Oh, woah)
I want you, I want you, want you (Uh, yeah)
I want you, I want you, want you get away from me
