

# Exodus [Thrash Metal], Impact is imminent

You wouldn't take a taxi  
You said you couldn't stay  
You drink and drink and drive  
Almost every day  
Your life speeds through your mind  
Faster than you drive  
Living on a shoestring  
All your fucking life  
Your friends say you need help  
You tell them that you're fine  
As you tip the bottle  
And swallow some cheap wine  
You're a living time bomb  
Waiting to explode  
You'll just be a statistic  
When you're dead and cold!  
Every time you drink and drive  
You always think that you'll survive  
Till your car is crushed and bent  
Impact is imminent  
Sirens fill the streets aloud  
It always draws the biggest crowd  
They peel your body off cement  
Impact is imminent!  
The daily obituaries reveal  
More and more fools climbed behind the wheel  
Thinking they were sober enough to drive  
They didn't know they'd never come back alive  
A bad case of double vision  
Led straight onto a head-on collision  
Passed out and crossed the double line  
How can anyone be so asinine?  
Blind drunk and hauling ass  
He got airborne off an overpass  
He never knew he left the ground  
Like a warhead target bound  
You can't correct your fatal mistake  
When you're the guest of honor at your own wake  
Thought he could fly till he hit cement  
Impact is imminent!  
Drunken time bombs set to detonate  
When happy hour's over they're off to celebrate  
Their vision's but a blur, they barely see the road  
Been drinking for so long they're starting to erode  
A fucking drunken lush climbs into his car  
Kills you in an instant coming from the bar  
An alcoholic bum hits you from behind  
A child and his mother run down in their prime!
