

# Exodus [Thrash Metal], Overdose (AC/DC cover)

I never smoked with no cigarettes  
I never drank much booze  
But I'm only a man, don't you understand  
And a man can sometimes lose  
You gave me something I never had  
Pulled me down with you  
Pulled me up, think I'm in love  
Hope you can pull me through  
I overdosed on you  
I overdosed on you  
Crazy but it's true  
Ain't nothing I can do  
I overdosed on you  
Oh woman you give to me  
More than I can take  
But listen honey, I don't mind  
You're a habit I don't want to break  
Don't want none of that hard stuff  
Don't need it anymore  
I'm in love, and I'm sinking fast  
And I don't need no cure  
Gee I was happy as a man could be  
To far gone to escape  
Power of love, don't pull me off  
Just write on my grave:
