

Exploited, Horror Epics

third world countries starved of nutrition look to the west to end their starvation skeleton figures of what was children real relief for the sickly. Thats right push your tea tray away from you the fact of real life is much more horrific than fiction you get the stories the horror epics. Thats right turn the swithch on your telly wasn't it disgusting to view such bloated bellies. Writhing tortured bodies ant like on the ground thats right turn the volume button down. thats right push your tea tray away from you the fact of real life is much more horriffic than fiction you get the stories the horror epics.

inhumanaties free westerners still know exist do know to help the underpriviliged action not words are needed to help but all they will say is that someone must pay. thatr right push your tea tray away from you the fact of real life is much more horriffic than fiction you get the stories the horror epics. Third world countries starved of nutrition look to the west to end their starvation skeleton figures of what was children real relief for the sickly. Thats right push your tea trau away from you the fact of real life is much more horriffic than fiction you get the stories the horror epics.
