

Explorers Club, Impact 5: Last Call

James LaBrie - Lead vocals and choruses
Trent Gardner - Lead vocals (From last chorus through outro) and harmony vocals

I've heard enough
Let's make it happen
Let's turn it over
Make life a positive

No more excuses
I'm making progress
I'm moving forward
With new promises

There's nothing left but boredom
Nothing left but pain
There's barely time enough to die

It's all been done before
There's nothing left here
There's nothing I can say
I can say...

(Petrucci solo)

Don't think it's me
I have no fear
I feel it working
There's something more here

Let's make it worth it
Still time to react
We've come this far now
To make an impact

(Murphy solo during choruses)

Now wait here - can't you see
I've just spelled out reality
It's no fun
But it's now or never
It's now or never

(Petrucci solo)
(Guillory solo)
(Murphy solo)

Now wait here - can't you see
I've just spelled out reality
It's no fun
But it's now or never

There's nothing left but boredom
Nothing left but pain
There's barely time enough to die
It's all been done before
There's nothing left here
There's nothing I can say

(Murphy solo)

Now wait here - can't you see
I've just spelled reality

It's no fun
But it's now or never
It's now or never

So wait here - can't you see
I've just spelled reality
It's no fun
But it's now or never
It's now or...
Now or never.

(Petrucci solo)

I've seen it, I've lived it, I know it
I'll say this over again
Again - again
I've got it
Last call - are you going down?

I've seen it, I've lived it, I know it
Last call are you going down? Down...

Last call - last call
Last call - are you going down?
Down...

Last call - last call
Last call - are you going down...Down?

I've seen it, I've lived it, I know it
Last call -
Are you going down, down, down, down
Down, down, down, down, down, down, down,
down.....
Down...Down...Down...? ...'cause I'm not.

(Petrucci solo)
(Bozzio goes wild)
