

# Extreme, No Respect

"(Respect)" Always everybody looking for some

"(Respect)" Who do you think you're gonna get it from?

"(Respect)" Anybody here deserving of none?

"(Respect)" Tell me what makes you think you're not the one

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

"(Respect)" Why be concerned with public adulation?

"(Respect)" Pat on the back crying for attention

"(Respect)" Finding out what it really means to me

"(Respect)" Honor comes only after humility

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none

No respect, no respect none
