Extreme, Warheads

"* "Recruit, when I give you the word, I want you to exit my building to the left, and hit the dec

"Yes, daddy."

"I didn't hear you!"

"Yes, daddy. Yes, daddy. Yes, daddy."*"

Hey Kid, wanna have some fun?
Choose a side and here's your gun
Brought up knowing right from wrong
Squash the meek, inherit the strong

Just try and cross the line
Don't even bother to waste my time
What's that look in your eye?
It's time I cut you down to size

This world ain't big enough for two
And I've got my sights on you

"(Would you like to be)"
I'm a warhead, you're a warhead
"(A warhead just like me?)"
He's a warhead, she's a warhead
Watch 'em scream and yell
"(Would you like to be a warhead too?)"
When I blow them straight to hell, alright

Ramboy, it's us and them
Just like your Daddy in Vietnam
Monkey see, monkey do
Your boy's grown up just like you, like you

This world ain't big enough for two
And I've got my sights on you, well on you

"(Would you like to be)"
I'm a warhead, you're a warhead
"(A warhead just like me?)"
He's a warhead, she's a warhead
Watch 'em scream and yell
"(Would you like to be a warhead too?)"
When I blow them straight to hell, alright

I've seen Black heads
White heads
Red heads
Dead heads
Big heads
Shit heads
But there's no heads
Like warheads

This world ain't big enough for two
And I've got my sights on

"(Would you like to be)"
I'm a warhead, you're a warhead
"(A warhead just like me?)"
He's a warhead, she's a warhead
Watch 'em scream and yell
"(Would you like to be a warhead too?)"
When I blow them straight to hell, ooh yeah

Oh, oh
