

# Exumer, Shadows Of The Past

Walking down this dark street again I see the shadow  
I turn to see who's there, I know it wants me dead  
I start to walk faster, thinking it's just in my head  
I sentenced him for life, long long ago  
He threatened to escape and seek his revenge  
Today the headlines read a killer had gotten loose

Why does he haunt me, killer won't let me be  
Night after night I can't get no sleep  
Everywhere I turn he's stalking me  
I see the blade in the light  
He calls my name but nothing's there  
Turn face to face into an empty stare

Waiting for someone I know  
I don't want to be atone  
I got to get away  
He's right behind me

He kills for fun, I can't escape his grasp  
Foot steps, breathing, turn and you're his prey  
A shadow, unseen, you wish to live  
He follows so close, it's all in his head  
Your mind is playing tricks, or at least you hope so

He's return to haunt, I'd heard he was dead  
Is this a phobia that won't let me be  
Behind the curtain, in the closet, waiting to spring  
Under the bed, in your house, he loves killing you

A cry in the night I know it's the wind  
There in the bush he was looking in  
Every little sound makes my skin crawl  
He'd love to watch me die  
I know that he's here I feel the time growing near

Running he's trying to catch me, I've got to get away  
He wants to have my death, seeking a place to hide  
A knife sunk deep inside, I don't want to die

I'm going to kill you right now and I'm going to
