

# Eyes Adrift, Blind Me

In the stars in your eyes I see  
A little chaos and harmony  
And that's when I lose my mind  
Love is blind to even those who see  
Blind me, blind me  
Blind me

There's a crack in the smoky air  
And the sound from the outside stair  
Electricity fills my mind  
Lost in time, that's all I seem to need  
Blind me, blind me  
Blind me

In the back of my head I hear  
A little light burning loud and clear  
And that's when I lose my mind  
Love is blind is all I need to hear  
Blind me, blind me  
Blind me
