

# Eyes Set To Kill, Only Holding On

Only holding on  
is this what you want?  
is this what you want?  
dreams are falling apart as were only holding on  
ambition gets old  
when our hearts lie to us  
our hearts break our trust as were only holding on

we gave our everything  
we gave our everything  
we gave our everything  
all for unwanted dreams  
we gave our everything

lights dim down  
were the stars tonight  
their voices bring  
slight wind to the sky  
their voices sing along  
feel their souls lift with ours as they share the night  
but you sing a different song  
you sing a different song

only holding on  
is this what you want?  
is this what you want?  
dreams are falling apart as were only holding on  
to a broken piece  
we try to fit as one  
our hearts break our trust as were only holding on

we gave our everything  
we gave our everything  
we gave our everything  
all for unwanted dreams  
we gave our everything

cant you see my grip is weakening,  
erasing every line  
and taking down the frames  
id look back but im too far away  
a ghost to the faces i miss

have a little faith  
ill come back home  
dont forget my name  
when im alone  
a ghost to the faces i miss  
im a ghost to the faces i miss
