

F.R. David, Pick Up The Phone

Said good bye when I left to your answering machine.
Then you jumped in a plane
girl
you know what I mean.
Pick up the phone
oh yeah - pick up the phone
oh please

I need your voice again
hearing your voice again.
Waiting so many years
feeling closer to you -
Not a sign not a trace
baby
what can I do?
Pick up the phone
oh yeah - pick up the phone
oh please

. . .
Pick up the phone
let me know - I don't want to lose you
girl.
Don't hang up
get in touch
fill the shadow in my life.
Oh what you're doing now? Inter communication via satellite -
You can call me long distance
whatever you like.
Pick up the phone
oh yeah - pick up the phone
oh please

. . .
Pick up the phone

Let me know . . .
Oh what you're doing now

Can't we straighten it out

Won't you speak your heart?
Pick up the phone

Let me know -
Pick up the phone
oh yeah -
Pick up the phone oh please . . .
Pick up the phone
oh yeah -
Pick up telephone
oh please ...
oh please ...
