

F4, Looking For Juliet (English)

In Search of Juliet

Out of Chaos the world is created

I've kissed your cheeks, before I had awareness

Face to face, wine slipped across your tongue.

In this small motel, bigger than the universe.

(Love is on fire)

Meeting you, I realised I've never been in love.

All my life, I was waiting for you

(Love is on fire)

You are the Juliet I've been searching for

I've loved you before we have ever met, It's destiny

Never Gonna Stop Never Ever Stop

Ain't Gonna Give You Up

I'll have courage to face all dangers and all pressures

Never Gonna Stop Never Ever Stop

Ain't Gonna Give You Up

I'll never compromise I want all dreams to come true.

In a flash linking the present with the past

The longing in your eyes so familiar, waiting for me to discover

Please say yes, a thousand years is but a second

Let me taste the sweetness of love, on your lips I drown.

You are the Juliet I've been searching for

I've loved you before we have ever met, It's destiny

Never Gonna Stop Never Ever Stop

Ain't Gonna Give You Up

I'll have courage to face all dangers and all pressures

Never Gonna Stop Never Ever Stop

Ain't Gonna Give You Up

Rap

Never Gonna Stop Cuz I'm Always On Top

So Leave The Rest For I'm The Sure Shot

With The Candle Light Dinner, The Winner Not Sinner

And Right Before I Enter

I Know For Sure She Be Wanting Some More

So I Back Up Way Up And Lock The Door And In The End

I'm Ready And Set To Be Spending My Life With My Juliette

Never Gonna Stop Never Ever Stop

Ain't Gonna Give You Up (2x)

Never Gonna Stop Never Ever Stop

Ain't Gonna Give You Up

I'll have courage to face all dangers and all pressures

Never Gonna Stop Never Ever Stop

Ain't Gonna Give You Up
