

# F4, Ni Yao De Ai (English Translation)

Although I often dream of you  
I still have no idea  
It's raining outside  
Which day is it today  
But I don't know  
Where you went

\*Although I have never  
doubted you  
I still feel uneasy  
Who is your one and only  
Forgive me for doubting myself

~I understand the love I want  
Will spoil me  
Like a little child  
Who only knows how to be  
bad in your arms  
The love you want  
Is not just reliance  
Must be like a man  
Even in bad weather  
Leads a carefree life

Repeat \*~,~
