

# Faber Drive, Sex and Love

Pumpin' on my sleeve  
Heart that barely beats stallin'  
Uh oh  
Foatin' facin' down  
Sea of broken vows  
Drownin'  
Uh oh  
Blow after blow and I'm starting to see why  
Better alone than be bruised by your dark side  
Down to the bone you're the knife that'll cut right through  
Sex and love don't feel the way I do  
Sex and love's not real when it's from you  
Solely for effect  
Mornin' make up sex is hollow  
Uh oh  
Burnin' to the ground  
House that used to stand so solid  
Uh oh  
Blow after blow and I'm starting to see why  
Better alone than be bruised by your dark side  
Down to the bone you're the knife that'll cut right through  
Sex and love don't feel the way I do  
Sex and love's not real when it's from you  
Blow after blow and I'm starting to see why  
Better alone than be bruised by your dark side  
Down to the bone you're the knife that'll cut right through  
Sex and love don't feel the way I do  
Sex and love's not real when it's from you  
Sex and love don't feel the way I do  
Sex and love's not real when it's from you  
Sex and love don't feel the way I do  
Sex and love's not real when it's from you
