

# Faber Drive, Time Bomb

tic tic  
tic tic it away

she said to me she'd rather be outside the ozone  
hands on her face she starts to shake her house is no home  
woah no  
woah no oh oh  
it's bombs away

gotta get away she just can't take it  
time bomb  
tic tic  
she's gonna flick the switch her fix stays crazy  
time bomb  
tic tic it away

her microscope looks way too close for imperfections  
but under the gun she's had enough she can't impress them  
woah no  
woah no oh oh  
it's bombs away

gotta get away she just can't take it  
time bomb  
tic tic  
she's gonna flick the switch her fix stays crazy  
time bomb  
tic tic it  
she's gotta get away she just can't take it  
time bomb  
tic tic  
she's gotta flick the switch her fix stays crazy  
time bomb  
tic tic it away

blows me away  
blows me awayyy  
(tic tic tic it away)  
blows me away  
blows me awayyy  
(tic tic tic it away)  
blows me away

she said to me she'd rather be inside the ocean  
inside a sea of fantasy to live slow-mo  
oh

gotta get away she just can't take it  
time bomb  
tic tic  
she's gonna flick the switch her fix stays crazy  
time bomb  
tic tic it  
she's gotta get away she just can't take it  
time bomb  
tic tic  
she's gotta flick the switch (her fix stays crazy)  
time bomb  
tic tic it away
