

# Faber Drive, You'll Make It

There's parents prayin  
To feed their families today  
While men with money  
Still think it's funny  
To spend their change  
On every pointless thing

We gotta stand up  
Put our hands up and fight  
Like an army  
We'll keep on marchin  
For what is right  
We're bringin hope to life  
All you gotta do is..

Say what you wanna say  
And be what you wanna be  
Don't let yourself get all confused  
Cause all you gotta be is you to make it  
You'll make it

You know what you need to know  
To go where you wanna go  
No one can tell you what to do  
Cause it's your life, it's up to you to make it  
You'll make it

The world is tired  
Of all the little lies they preach  
The politicians  
Who blur our vision  
So we believe  
In someone else's speech

We gotta stand up  
Put our hands up and fight  
We are an army  
Always marchin  
For what is right

We're bringin hope to life  
All you gotta do is..

Say what you wanna say  
And be what you wanna be  
Don't let yourself get all confused  
Cause all you gotta be is you to make it  
You'll make it

You know what you need to know  
To go where you wanna go  
No one can tell you what to do  
Cause it's your life, it's up to you to make it  
You'll make it

There's kids with guns bein forced to fight  
The lucky ones will make it home alive  
And everyone's got a choice to make  
The world won't change until we finally find a way

To say what we wanna say  
And be what we need to be  
Don't let yourself get all confused

Cause all you gotta be is you to make it  
You'll make it

You know what you need to know  
To go where you wanna go  
No one can tell you what to do  
Cause it's your life, it's up to you to make it  
You'll make it

We gotta stand up  
Put our hands up to fight  
We are an army  
Always marchin  
For what is right  
We're bringin hope to life
